

# THE HARVEY GRAMMAR SCHOOL

## Careers Vision Statement

At The Harvey Grammar School, we are committed to empowering every student to achieve their full potential by providing a comprehensive and forward-thinking careers programme. We believe that every student should have the knowledge, skills, and confidence to make informed decisions about their future, whether they choose higher education, apprenticeships, or entering the world of work.

## Our Vision

- 1. Inspire and Inform**

Expose students to a wide range of career paths, industries, and opportunities, fostering ambition and broadening their horizons. We aim to ignite curiosity through engaging experiences such as career talks, workshops, mentoring, and internships with local and national employers.
- 2. Develop Skills for Success**

Equip students with the skills they need for future success, both academically and professionally. Through targeted careers education, we develop employability skills including critical thinking, problem-solving, communication, and teamwork, alongside leadership and entrepreneurial capabilities.
- 3. Personalise Career Guidance**

Offer personalised support to ensure that every student, regardless of their background or aspirations, can access tailored careers advice. From Year 7 through to Year 13, our careers programme is integrated into the curriculum, providing regular one-to-one guidance, resources, and opportunities that align with each student's strengths and interests.
- 4. Build Strong Partnerships**

Work collaboratively with universities, businesses, and local communities to create a dynamic network of opportunities. Our partnerships enhance students' understanding of the rapidly evolving world of work and provide invaluable insights into different sectors.
- 5. Promote Lifelong Learning**

Encourage a mindset of continuous learning, resilience, and adaptability. We believe that career development is an ongoing journey, and we aim to nurture students' ability to embrace change, challenge themselves, and strive for personal growth throughout their lives.
- 6. Inclusion and Diversity**

Ensure that every student, regardless of their gender, ethnicity, or background, has equal access to career opportunities and support. We celebrate diversity and aim to challenge stereotypes, encouraging students to explore unconventional or underrepresented career paths.

Through this vision, we aim to equip our students with the confidence and competence to navigate an ever-changing global economy and to become the leaders, innovators, and contributors of tomorrow.
